

Sitio Original www.revistabionatura.com

Sitio Copia www.revistabionatura.org

The screenshot shows the original website with a DNA double helix graphic and a navigation menu. The header includes the journal title "Bionatura" and "Ibero-American Journal of Biotechnology and Life Sciences". A "Submit a Manuscript" button is visible. The navigation menu includes: Index, Editorial Team, Files, Instructions, Policies, Contacts, Online first, and Conferences Series. Logos for UCO, UNAH, and clinicalBiotec are present. A welcome message states: "Welcome to Bionatura journal, published since 2023 from Madrid, Spain., by its partners Clinical Biotec, Universidad Católica del Oriente (UCO) and Universidad Nacional Autónoma de Honduras (UNAH)." It provides an email address: information@bionaturajournal.com. The journal scope is defined as publishing manuscripts on biotechnology and life sciences. A "Current Issue" section highlights "Bionatura 2024" with ISSN 1390-9355 and "Vol 8 No 4 2023".

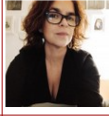

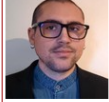

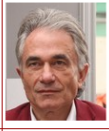

The screenshot shows the copied website with a dark teal header and a navigation menu. The header includes the journal title "Bionatura" and "Ibero-American Journal of Biotechnology and Life Sciences". A "Submit a Manuscript" button is visible. The navigation menu includes: HOME, EDITORIAL TEAM, FILES, INSTRUCTIONS, POLICIES, CONTACTS, ONLINEFIRST, and CONFERENCES SERIES. Logos for CEBA and UCO are present. A welcome message states: "Welcome to Bionatura journal, published by its partners Centro Ecuatoriano de Biología y Ambiente (CEBA) and Universidad Católica de Oriente (UCO)". It provides a journal scope: "Bionatura is dedicated to publishing manuscripts on topics concerning all aspects of biotechnology and life sciences. The topics include: Agriculture, Bioinformatics, Biomedicine, Bioscience, Biotechnology, Epidemiology, Immunology, Insects, Medical case report, Microbiology, Mycology, Nanomedicine, Nanoparticles, Parasitology, Pharmacological Research, Plants (Botany), Pollution, Polymers, Veterinary, Histology/Virology are also considered. Review articles about the ethical aspects of biomedical research and clinical practice (Bioethics) are welcomed." It also mentions "Costs of publication and download of articles" and states: "The publication, editing and downloading of any material from Bionatura journal articles are free of charge."

Online ISSN 1390-9355
Impreso ISSN 1390-9347

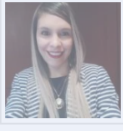

The cover features a central graphic of kidneys and a DNA helix. The text on the cover includes: "Vol 8 No 4 2023", "Bionatura", "Ibero-American Journal of Biotechnology and Life Sciences", and logos for Scopus, X CTIE, UEB, and ICIVS. A small text at the bottom reads: "Risk factors associated with high blood pressure and chronic kidney disease".

RESUMEN

La educación sexual es de vital importancia como prevención a conductas de riesgo, siendo la adolescencia una etapa crucial de la vida respecto al conocimiento de enfermedades por transmisión sexual y planificación familiar, que le aporta madurez y responsabilidad como ser social. Se expone en la presente el Proyecto de Vinculación efectuado en una Unidad Educativa de Guaranda, Bolívar, la cual tuvo por objetivo desarrollar acciones educativas sobre salud sexual y reproductiva con los estudiantes. Es un estudio cuantitativo transversal, con una muestra intencionada de 140 alumnos de 14 años de edad, o superior. Se identifica a partir de la encuesta aplicada, el predominio en el criterio de la preferencia a la familia como fuente para la orientación e información sobre la sexualidad y la existencia de un conocimiento medio sobre métodos anticonceptivos y de infecciones de transmisión sexual. Los proyectos educativos que promuevan estilos de vida saludables sobre la educación sexual y reproductiva, se fortalecen con la integración del personal docente, profesionales de la salud y las familias.

Palabras clave: adolescente; comportamiento sexual; educación sexual; salud sexual

Bionatura Onlinefirst

Bionatura's «online first» and COVID 19 publications

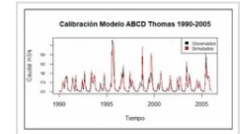

Bionatura are pleased to announce a new service for our authors and readers: **Online First**, the immediate online publication of all accepted papers as soon as the authors have returned the corrected proofs. Whereas the fully electronic versions of BIONATURA used to appear at the same time as the print journal, from now on the electronic version of all articles will be available to subscribers via the Internet weeks before the printed version appears. This means an enormous reduction in publication time. It will no longer be necessary for manuscripts to wait until the "next available issue". [More details](#)
